

ZALĄCZNIK 1

Klasyfikacja histopatologiczna nowotworów szyjki macicy opracowana przez WHO, 2003

SQUAMOUS TUMOURS AND PRECURSORS	Squamous cell carcinoma, not otherwise specified	Keratinizing		
		Non-keratinizing		
		Basaloid		
		Verrucous		
		Warty		
		Papillary		
		Lymphoepithelioma-like		
		Squamotransitional		
	Early invasive (microinvasive) squamous cell carcinoma			
	Squamous intraepithelial neoplasia	Cervical intraepithelial neoplasia (CIN)		
Squamous cell carcinoma in situ				
Benign squamous cell lesions	Condyloma acuminatum			
	Squamous papilloma			
	Fibroepithelial polyp			
GLANDULAR TUMOURS AND PRECURSORS	Adenocarcinoma	Mucinous adenocarcinoma	endocervical	
			intestinal	
			signet-ring cell	
			minimal deviation	
			villoglandular	
	Endometrioid adenocarcinoma			
	Clear cell adenocarcinoma			
	Serous adenocarcinoma			
	Mesonephric adenocarcinoma			
	Early invasive adenocarcinoma			
Adenocarcinoma in situ				
Glandular dysplasia				
Benign glandular lesions	Mullerian papilloma			
	Endocervical polyp			
OTHER NON-EPITHELIAL TUMOURS	Adenosquamous carcinoma	Glassy cell carcinoma variant		
	Adenoid cystic carcinoma			
	Adenoid basal carcinoma			
	Neuroendocrine tumours	Carcinoid		
		Atypical carcinoid		
		Small cell carcinoma		
		Large cell neuroendocrine carcinoma		
Undifferentiated carcinoma				
MESENCHYMAL TUMOURS AND TUMOUR-LIKE CONDITIONS	Leiomyosarcoma			
	Endometrioid stromal sarcoma, low grade			
	Undifferentiated endocervical sarcoma			
	Sarcoma botryoides			
	Alveolar soft part sarcoma			
	Angiosarcoma			
	Malignant peripheral nerve sheath tumour			
	Leiomyoma			
	Genital rhabdomyoma			
	Postoperative spindle cell nodule			
MIXED EPITHELIAL AND MESENCHYMAL TUMOURS	Malignant mullerian mixed tumour; metaplastic carcinoma			
	Adenosarcoma			
	Wilms tumour			
	Adenofibroma			
MELANOCYTIC TUMOURS	Adenomyoma			
	Malignant melanoma			
TUMOURS OF GERM CELL TYPE	Blue naevus			
	Yolk sac tumour			
	Dermoid cyst			
LYMPHOID, HAEMATOPOETIC TUMOURS	Mature cystic teratoma			
	Malignant lymphoma (specify type)			
SECONDARY TUMOURS	Leukaemia (specify type)
